MEDIA INVITATION
Saluting the heroic women of yesterday, today, and tomorrow

While the role of the men incarcerated on Robben Island is well documented, women played an equally important role in the fight for democracy and freedom. This Women’s Month Robben Island Museum (RIM) wants to recognise these women and instil the same spirit of triumph over adversity, reconciliation, and nation building in present and future females in our society.

In honour of unsung heroines, RIM will be hosting an Imbokodo Lecture on Wednesday, 21 August 2019 at the Cape Town International Convention Centre.
Please RSVP directly with Reputation Matters’ Chris Bischoff (chris@reputationmatters.co.za) or Nadia Nel (nadia@reputationmatters.co.za) no later than Thursday, 08 August 2019; together with your preferred meal (see attached menu).
