REQUEST FOR SERVICE PROVIDER/S TO CONDUCT A FEASIBILITY STUDY AND BUSINESS CASE FOR A ROBBEN ISLAND INTERPRETATION CENTRE BEING A MUSEUM ON THE MAINLAND FOR THE BROADER INTERPRETATION OF ROBBEN ISLAND WORLD HERITAGE SITE.

Interpretation

1. INTRODUCTION AND BACKGROUND

Robben Island Museum (RIM), requests prospective service provider/s to conduct a Feasibility Study and Business Case for the Robben Island Interpretation Centre (RIIC). The objective to augment the work of the museum in fulfilling its mandate with respect to the interpretation and information on social memory and the history of the Struggle against apartheid in South Africa. RIIC will be a mainland-based Museum for Robben Island World Heritage site.

The vision for RIIC emerges out of the need to enhance and diversify visitor experience relating to Robben Island World Heritage site by providing the public with access to an interactive and dynamic interpretation centre on the mainland, noting the following barriers:

a) the story of Robben Island World Heritage site cannot be fully told in the current restricted 3-hour tour conducted on the island.

b) RIM currently does not have adequate spaces for reflection and interpretation on the mainland.

c) the Collections at Mayibuye Archives appear remote and inaccessible to visitors; the other mainland based attributes of World Heritage Site are included on the 3-hour tour conducted on the Island.

d) the story of Robben Island has an educational value which is not adequately covered during the limited tours conducted on the Island and
e) RIM has limited Interactive material and this has become an important element for modern museum experience worldwide.

Given the above context, there is need to cast the interpretation of the site into the broader framework of human rights, conflict resolution and nation building with worldwide linkages. The Robben Island Interpretation Centre (RIIC) will be used as the platform for presenting the broader South African context of this experience including the regional and world linkages to establish an interpretation centre with relevance beyond the borders of South Africa.

RIIC is expected to house exhibitions, collections storage facilities, public facilities and supportive administrative functions. It is expected to have adequate facilities to support the inclusive programmes of a typical museum. It is also important that it is accessible to communities in their diversity.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging). Collusive bidding is a per se prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A0 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

   1 Includes price quotations, advertised competitive bids, limited bids and proposals.

   2 Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and/or services for purchasers who wish to acquire goods and/or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
